

PHYSICAL THERAPY SONG

- *Kavan Honarmand*

*you want me to make you
able to walk
stand on your feet
able to run*

*you want me to make you
able to grasp
turn on your hand
able to write*

*I'm your Physical therapist
I will do anything for you
but I need a key that is lain upon your heart
it's a holy word
it is HOPE*

*you want me to make you
free from all pains
your back and your knees
your neck at sleep*

*I want you to break free
from coldness and numb
contracture and brace
walker and cane*

*I'm your **PHYSICAL THERAPIST**
I will do anything for you
but I need a key that is lain upon your heart
it's a holy word
it is HOPE*
